

## **Curriculum Vitae HENRY BAKER PERRY, III**

Dr. Henry Perry has almost five decades of engagement in global community health work that has covered a broad range of activities, including with program implementers, program managers and leaders, government officials, NGOs, academics, donors, and international organizations. He has been involved in numerous networks, including the CORE Group, the American Public Health Association (and its Working Group on Community-based Primary Health Care in the International Health Section), and he has served on numerous task forces and professional committees (including as a member of the Community Health Worker Hub of the WHO Global Health Workforce Network, the Advisory Board of the International Institute for Primary Health Care –Ethiopia, the Expert Panel of the Primary Health Care Performance Initiative, the Senior Technical Advisory Committee of the 1 Million Community Health Worker Campaign, and the Community Health Worker Advisory Panel of the Office of the UN Secretary General’s Special Envoy for Health in Agenda 2030 and Malaria. In 2018 he was designated by the Johns Hopkins University and its Alumni Association a Distinguished Alumnus. He is a recipient of the coveted Dory Storms Award presented by the CORE Group “to a person or persons who demonstrate courage, leadership, and commitment to helping non-governmental organizations have an impact on and effectively implement programs that end child deaths.” He is also a recipient of the Carl Taylor Lifetime Achievement Award given by the International Health Section of the American Public Health Association. He founded an organization that works in community health in Bolivia, Guatemala, Liberia, Sierra Leone and Kenya (Curamericas Global) and has served as a consultant or program evaluator for major international organizations and NGOs including the Gates Foundation, UNICEF, the World Bank, World Vision, BRAC, and Concern Worldwide. He is an author of more than 200 articles in scientific journals, book chapters, books, and other documents that have been distributed widely. His teaching and mentoring of students have been widely acclaimed, resulting in numerous awards. His massive open online course (MOOC) on Coursera, Health for All through Primary Health Care, which has reached more than 60,000 people around the world and is available to take at <https://www.coursera.org/instructor/~693038>. A video of his life’s work is available at <https://www.youtube.com/watch?v=GT6zHn8NrmI>. Dr. Perry’s Johns Hopkins faculty webpage is available at: <https://www.jhsph.edu/faculty/directory/profile/545/henry-b-perry>.

## EDUCATION AND TRAINING

### *Formal Education*

Trinity College, Duke University, Durham, NC, 1965-1968, BA (chemistry)  
School of Medicine, Duke University, Durham, NC, 1968-1970  
Bloomberg School of Public Health, Johns Hopkins University, Baltimore, MD, 1970-1971,  
MPH  
Department of Social Relations (now Departments of Sociology and Anthropology), Johns  
Hopkins University, Baltimore, MD, 1971-1973, 1975-1976, PhD<sup>1</sup>  
School of Medicine, Johns Hopkins University, Baltimore, MD, 1973-1974, MD<sup>1</sup>

### *Postdoctoral Training*

Department of Internal Medicine, Baltimore City Hospitals (now Bayview Medical Center),  
Johns Hopkins University, Baltimore, MD, 1974-1975, internship in internal medicine  
Department of Surgery, Maine Medical Center, Portland, ME, 1976-1981, residency in  
general surgery

### *Medical Licensure and Certification*

License to practice medicine, North Carolina Board of Medical Examiners (1981-1999)  
Certification in general surgery, American Board of General Surgery (1984, recertified in  
1993)

## PROFESSIONAL EXPERIENCE

2014-present Senior Scientist, Health Systems Program, Department of International  
Health, Bloomberg School of Public Health, Johns Hopkins  
University, Baltimore, MD  
Responsibilities: Teaching, research, student mentoring

2009-2014 Senior Associate, Health Systems Program, Department of International  
Health, Bloomberg School of Public Health, Johns Hopkins  
University, Baltimore, MD  
Responsibilities: Teaching, research, student mentoring  
(I taught one on-site course on primary health care, one on-line  
course on primary health care, one MOOC (massive, open on-line  
course) on Coursera on primary health care, one on-site course on  
NGO management, one on-site course on introduction to  
international health, and one online course on introduction to  
international health)

---

<sup>1</sup>Student, MD-PhD Program in the Behavioral Sciences, Johns Hopkins University

*Henry Baker Perry, III – Curriculum Vitae*

- 2003-2009 Carl Taylor Professor for Equity and Empowerment, Future Generations, Franklin, WV  
Responsibilities: Teaching, technical support to programs, and research (I served as a founding faculty member of its Master of Arts Program in Applied Community Change and Conservation. Future Generations has field programs in Afghanistan, China, India, and Peru. I was also involved in writing and research.)
- 1995-2009 Associate, Department of International Health, Bloomberg School of Public Health, Johns Hopkins University, Baltimore, MD  
Responsibilities: Teaching (giving lectures and addressing seminars When requested) and research
- 1999-2003 Director General and CEO, Hôpital Albert Schweitzer, Deschappelles, Haiti  
Responsibilities: Organizational leadership, management, technical support (The institution had 500 employees and a \$6 million annual budget at the time I was working there.)
- 1998-1999 MCH Advisor, BASICS Project (Basic Support for Strengthening Child Survival)  
Responsibilities: Leadership for formulating technical standards for child survival programs throughout Bangladesh; development of and leadership for a training of trainers course for health care providers employed by USAID-supported NGOs in Bangladesh (This program supported 45 NGOs serving 20 million people.)
- 1995-1997 MCH-FP Program Scientist, International Centre for Diarrhoeal Disease Research, Bangladesh: Centre for Health and Population Research, Dhaka; Research Associate, Department of International Health, Johns Hopkins University Bloomberg School of Public Health, Baltimore, MD  
Responsibilities: Quality of Care Team Leader for the Urban MCH-FP Extension Project, testing new approaches to the provision of MCH-FP services in a population of 500,000 people in Dhaka City
- 1984-1994 Founder, Andean Rural Health Care (now Curamericas Global)  
Responsibilities: Leadership, technical support, fundraising (I served in a number of specific roles at different times during this period, including Chairman of the Board of Directors, President, member of the Board of Directors, Medical Director, and Program Advisor, all on a part-time basis while I was primarily engaged in private surgical practice.)
- 1984-1994 Attending Physician, Haywood Regional Medical Center, Clyde, NC  
Responsibilities: Attending surgeon (private practice)
- 1981-1984 Assistant Clinical Professor, Department of Community and Family Medicine, Duke University Medical Center, Durham, NC  
Responsibilities: Coordination of Andean Rural Health Project activities with the Department of Community and Family Medicine; Country Director, Andean Rural Health Project, Northern Altiplano, Bolivia; Attending Surgeon, Methodist Hospital, La Paz, Bolivia and Frank S. Beck Hospital, Ancoraimes, Bolivia (During this time I provided leadership for the establishment of a community health project jointly sponsored by Duke University, the Bolivian Methodist Church, and the Ministry of Health. I also provided patient care, including surgical care, technical support and fundraising for community health activities.)

## **PROFESSIONAL ACTIVITIES**

### ***Society Memberships***

American College of Surgeons (1987-present)  
American Public Health Association (1984-present)  
Global Health Council (1984-2011)

### ***Participation on Advisory Panels, Professional Committees, Boards and Delegations***

Board of Trustees, Founding Member. Hope through Health Foundation, 2020-present  
Senior Advisor, Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association, 2019-present  
Chair, Data Safety Management Board, Management of Hypertension Utilizing Trained Community Health Workers in Rural Municipalities of Nepal (MUTU Study), sponsored by the Johns Hopkins Welch Center for Prevention, Epidemiology and Clinical Research (2019-present)  
Senior Advisor, Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association, 2019-present  
Member, Faculty Search Committee for Tenure-Track Position in Primary Health Care and Community Health, 2019-2020  
Co-Chair, Community-based Prevention and Care Working Group, Christian Connections for International Health, 2018-present  
Senior Editor, *Oxford Research Encyclopedia of Global Public Health*, 2017-present  
Member, Technical Advisory Group, CHW Central (a website with resources about community health workers), 2011-present  
Board of Directors, Ex Officio member (as Founder), Curamericas Global, 2011-present  
Member, Advisory Board, International Institute for Primary Health Care – Ethiopia, 2017-2020  
Technical Advisory Committee, Community Health Exemplars Project, led by Last Mile Health and bgC3 (a special project of Bill Gates) (2017-2019)  
Honorary Advisor, Konbit Sante (a US-based NGO working in Haiti), 2017-2019  
Special Advisory Committee CORE Group Polio Project, 2017-2019  
Co-Chair, Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association, 2017-2019  
Advisory Committee, Berggren Lectureship, University of Nebraska (2016-2019)  
Member, Community Health Worker Hub of the World Health Organization Global Health Workforce Network, 2017-2018  
Member, Technical Expert Panel, Gates Foundation Primary Health Care Performance Initiative (PHCPI), 2014-2018  
Member, Senior Technical Advisory Committee, 1 Million Community Health Worker Campaign, Earth Institute, 2014-2018  
Member, Center for Strategic International Studies CSIS Global Health Policy Center Polio Working Group for Polio Legacy Planning, 2014-2018  
Member, Community Health Worker Advisory Panel, Office of the UN Secretary General's Special Envoy for Health MDG Financing and Malaria (now called the Office of the UN Secretary General's Special Envoy for Health in Agenda 2030 and Malaria), 2014-2018  
Member, Planning Task Force for the Global Surgical Initiative at Johns Hopkins, a collaboration of the Departments of Surgery, Gynecology and Obstetrics and Anesthesiology and Critical Care Medicine in the School of Medicine, the School of Nursing, the School of Public Health, and Jhpiego, 2008-2017

- Member, Program Committee, Curamericas Global, 2014-2017
- Advisor, Konbit Sante (a US-based NGO working in Haiti), 2013-2016
- Staff support member to the Expert Panel for the Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health, 2007-2016
- Founding member (in 1995) and Chairperson (2001-2007) of the Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association; Co-Chair, Review and Dissemination of Findings Concerning the Effectiveness of Community-Based Approaches for Improving Child Health in Developing Countries (in collaboration with the Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association and the World Health Organization), 2005-2016
- Member, Selection Committee, Mabelle Arole Fellowship (for pre-medical students to spend one year at the Jamkhed Comprehensive Rural Health Project in Jamkhed, India), 2009-2015
- Team Leader, Evidence Review Team for Assessing the Evidence Regarding the Contribution of Communities to the Performance of Community Health Workers (for the Evidence Review Summit on CHWs of the US Government), 2012
- Member, Technical Task Force for the 1 Million Community Health Workers (CHWs) Campaign, led by the United Nations Population Fund (UNFPA) and the Joint United Nations Programme on HIV/AIDS (UNAIDS), 2011
- Chair, Faith and Global Health Caucus, Global Health Council, 2008-2011
- Member, Board of Directors, and Chair, Program Committee, Curamericas Global, 2006-2011
- Member (and Vice-Chair), Board of Directors, the CORE Group (Child Survival Collaboration and Resources) and Chair, the CORE Group Polio Eradication Initiative Coordinating Committee, 2006-2009
- Member, Steering Committee, U. S. Coalition for Child Survival (representing the American Public Health Association), 2005-2010
- Member, UNICEF delegation to the International Conference Dedicated to the 30<sup>th</sup> Anniversary of the Alma-Ata Declaration of WHO and UNICEF on Primary Health Care in Almaty, Kazakhstan, 15-16 October 2008
- Member, Young Infant Sub-committee, Adaptation of IMCI (Integrated Management of Childhood Illness) to Bangladesh, 1998-1999
- Staff support member to the Expert Review Panel convened by USAID to review Andean Rural Health Care's census-based, impact-oriented approach, 1993
- Board member, Education and Research Foundation, American Academy of Physician Assistants, 1986-1988

***Program or Project Development***

- Co-Chair, Task Force on the Effectiveness of Community-Based Primary Health Care (CBPHC) and Study Director, Systematic Review of the Effectiveness of CBPHC in Improving Child Health (sponsored by the Working Group on CBPHC, International Health Section, American Public Health Association, in collaboration with UNICEF, the World Health Organization, and the World Bank), 2005-2016
- Founding full-time faculty member and core staff member for the development of the Future Generations Master of Arts Program in Applied Community Change and Conservation, which in 2010 achieved full accreditation “with commendation” by

*Henry Baker Perry, III – Curriculum Vitae*

the Higher Learning Commission of the North Central Association of Colleges and Schools (2003-2009)

Team leader, comprehensive assessment of and visioning for the programs of the Hôpital Albert Schweitzer, Haiti, in coordination with the Evaluation and Visioning Committee of the Board of Directors (resulting in a comprehensive assessment and organizational strategic plan as well as four peer-reviewed publications), 1999-2000

Leadership in the development and implementation of the Urban MCH-FP Operations Research Initiative, Dhaka, Bangladesh (1995-1997)

Leadership for development, implementation, and monitoring of Andean Rural Health Care's community health field projects in Bolivia (1979-1994)

***Consultations and Collaborations***

Consultant, the World Bank (for the development of a proposal to assist in a 10-year project to develop a national community-based primary health care system in Madagascar)

Technical Advisor, CORE Group Polio Eradication Project, 2017-present

Consultant, the Gates Foundation, 2014-2016 (for community health worker programs)

Consultant, the CORE Group, 2014 (for synthesis of evidence related to Care Groups and their effectiveness)

Consultant, CORE Group, 2014 (for technical and writing support for the Care Group Technical Advisory Group meeting in June)

Consultant, the Gates Foundation, 2013 (for creating a strategy for primary health care)

Consultant, World Relief, 2008-2014 (for technical support for implementation of the Care Group methodology in Mozambique for tuberculosis control)

Team Leader, Mid-Term Evaluation of the CORE Group Polio Project in Angola, Ethiopia and Uttar Pradesh, India (2011)

Contribution to *One Million Community Health Workers: Technical Task Force Report* (The Earth Institute at Columbia University, 2011)

Review of the effectiveness of community-based primary health care for UNICEF, the World Health Organization, the World Bank, and USAID (2007-2011)

Development of a Program Manual for Community-Based Primary Health Care for Maternal and Child Health, UNICEF (2010-2011)

Contributing Editor, *Where There Is No Doctor* (updated edition), Hesperian Foundation (2011)

Team Leader, Final Evaluation of the Salvation Army World Service Organization Child Survival Project in Zambia (2010)

Team Leader, Final Evaluation of the Food for the Hungry Child Survival Project in Mozambique (2010)

Team Leader, Final Evaluation of the World Relief Child Survival Project in Mozambique (2009)

Review of the BRAC Health Program with recommendations (2008)

Assistance in preparation of *State of the World's Children 2008* and other activities related to promotion of community-based primary health care for UNICEF (2007-8)

International Program Coordinator, Curamericas Global, Raleigh, NC (2004-5)

Team Leader, Mid-Term Evaluation of the Curamericas Child Survival Project in Guatemala (2005)

Team Leader, Mid-Term Evaluation of the World Relief Child Survival Project in Cambodia (2005)

Consultant to Plan International for the development of a cross-border initiative between Haiti and the Dominican Republic (2005)

- Team Leader, Mid-Term Evaluation of the World Relief Child Survival Project in Kibagora, Rwanda (2004)
- Consultant to the Hôpital Albert Schweitzer for a Comprehensive Program Evaluation (1999)
- Consultant to the Naujhil Integrated Rural Project for Health and Development (for overall program assessment and planning), Mathura, India (1999)
- Team Leader, Mid-Term Evaluation of the Urban Child Survival Project in Bakulia Slums, Chittagong City, World Vision/Bangladesh (1999)
- Team Leader, Final Evaluation of the CHILD-II Project in Sylhet District, CARE/Bangladesh (1999)
- Review of innovative approaches to delivering the Essential Package of Health and Family Planning Services at the outreach/community level for the World Bank/Bangladesh (1997)
- Team Leader, Final Evaluation of the Urban Child Survival Project in Chittagong City, World Vision/Bangladesh (1996)
- Review of the Management Information System of Concerned Women for Family Planning, Dhaka, Bangladesh (1994)
- Assistance to Save the Children-U.S. in the preparation of its Manual of Population and Service-Based Methods for Collection and Analysis of Epidemiologic Data (1994)

## **EDITORIAL ACTIVITIES**

### ***Peer Review Activities***

Review of articles submitted to the *Administration and Policy in Mental Health and Mental Health Services Research*; *American Journal of Public Health*; *American Journal of Tropical Medicine and Hygiene*; *Asia-Pacific Journal of Public Health*; *BMJ Global Health*, *BMC Health Services Research*; *BMC International Health and Human Rights*; *BMC Public Health*; *BMJ Open*; *British Journal of Surgery*; *Bulletin of the World Health Organization*; *Christian Health Journal*; *European Journal of Clinical Nutrition*; *Gates Open Research*; *Global Health: Science and Practice*; *Global Heart Journal*; *Global Security: Health, Science and Practice*; *Health Affairs*; *Health Care: The Journal of Delivery Science and Innovation*; *Global Security: Health, Science and Policy*; *Health Security*; *Journal of Global Health*; *Journal of Global Health Reports*; *Health Policy and Planning*; *Health Research Policy and Systems*; *Health Security*; *Human Resources for Health*; *Heliyon*; *International Journal for Equity in Health*; *International Journal of Population Research*; Johns Hopkins University Press (book review); *Journal of the American Academy of Physician Assistants*; *Journal of Health Communication*; *Journal of Delivery Science and Innovation*; *Journal of Health, Population and Nutrition*; *Journal of Tropical Medicine and International Health*, *The Lancet*; *Lancet Global Health*; *Malaria Journal*; *Oxford Research Encyclopedia of Global Health*; *PLOS Medicine*; *Pregnancy and Childbirth*; *Social Science and Medicine*; *Surgery, Tropical Medicine and International Health*; University of Toronto Press (book review); Wiley and Sons (book review); *World Journal of Surgery*; review of abstracts submitted for presentation at the Global Health Council and American Public Health Association annual meetings; review of revised edition of *Setting Up Community Health Programmes*; review of revised edition of *Where There Is No Doctor*; review of PhD thesis from Tezpur University, Assam, India; review of PhD thesis from Flinders University, Adelaide, Australia; review of PhD thesis from University of Cape Town, South Africa.

**Editorial Board Membership**

Member of the Editorial Board, *Journal of the American Academy of Physician Assistants*, 1988-1992

Member of the International Editorial Advisory Board, *Journal of Health, Population and Nutrition*, 1996-present

Associate Editor, *BMC Health Services Research*, 2019-present

**Ad Hoc Review of Proposals**

I have participated in reviews of grant proposals for Andean Rural Health Care (now Curamericas Global), Hôpital Albert Schweitzer (Haiti), Future Generations, and the American Public Health Association (and its review of community-based primary health care and child health)

**HONORS AND AWARDS**

**Honors**

Designation (by the Board of Directors) as Founder of Andean Rural Health Care (now called Curamericas Global)

Honorary Lifetime Membership, American Academy of Physician Assistants, and inclusion in the Archive of Physician Assistant History Biographies

(<http://www.pahx.org/perry-henry-b>)

Phi Beta Kappa (Trinity College, Duke University), 1968

**Awards**

Distinguished Alumnus, Johns Hopkins University, 2018

Excellence in Advising Award, Johns Hopkins Center for Global Health, 2017

Carl Taylor Lifetime Achievement Award given by the International Health Section of the American Public Health Association, 2015

Ronald McDonald House Charities Medical Award Recipient (with a prize of \$100,000 donated to a charity benefitting children, given to Curamericas Global), 2013

(acceptance speech available at: <https://www.youtube.com/watch?v=GT6zHn8Nrml>)

Gordon-Wyon Award for Excellence in Community-Oriented Public Health, Epidemiology and Practice, given by the International Health Section of the American Public Health Association, 2009

Dory Storms Child Survival Recognition Award “for exceptional efforts resulting in more effective child survival program implementation and increased impact in improving the health of the poorest of the poor including mothers, children and infants in underserved communities throughout the world” given by the CORE Group (Collaboration and Resources for Child and Maternal Health), a membership organization of over 50 citizen-supported NGOs that work in resource-poor settings to promote the health of mothers, children and communities, 2009

## **PRACTICE ACTIVITIES**

### ***Research Findings Translation to Inform Policy and Practice***

#### *Expert Testimony*

Medical malpractice expert witness testimony and legal consultation (1989 and 1994)

Testimony before the House Committee on Foreign Affairs Subcommittee on Africa, Global Health, Global Human Rights, and International Organizations Congressional Health: The First One Thousand Days of Life – Development Aid Programs to Bolster Health and Nutrition, 25 March 2014 (available at:

<http://docs.house.gov/meetings/FA/FA16/20140325/101957/HHRG-113-FA16-Wstate-PerryH-20140325.pdf>)

*Presentations to policymakers and other stakeholders*

Ensuring Accountability to Deliver Results: The Role of Community-level Data and Information in Ensuring Accountability. Global Conference Sponsored by the Governments of the United States, India and Kenya, the World Health Organization and UNICEF (A Promise to Keep: Global Child Survival Call to Action), Washington, DC 2012.

Presentation of Findings of Evidence Review Team 1. U.S. Government Evidence Summit: Community and Formal Health System Support for Enhanced Community Health Worker Performance. Washington DC, 2012.

Innovative Approaches to Delivery of Community-based Interventions Which Have Evidence of Impact on Under-5 Mortality. International Conference Dedicated to the 30<sup>th</sup> Anniversary of the Alma-Ata Declaration of WHO and UNICEF on Primary Health Care in Almaty, Kazakhstan, 2008.

The Case for Community-based Primary Health Care as a Key Strategy to Achieve the Millennium Development Goals in Child Health. All-Africa Meeting of UNICEF Representatives, Dakar, Senegal, 2006.

*Consultations with policy makers and other stakeholders*

Consultation with the Bill and Melinda Gates Foundation on CHW program strengthening (2014-present)

Consultation with the Bill and Melinda Gates Foundation on envisioning primary health care for the future (2013)

Consultation with UNICEF on community-based primary health care (2006-10)

*Research finding dissemination through media appearances and other communication venues*

Findings of a Comprehensive Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Webinar sponsored by the Christian Connections for International Health, 2017.

Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Webinar sponsored by the AMOS/Nicaragua NGO Network, 2017.

Acceptance speech for the Ronald McDonald Medical Excellence Award, 2013 (acceptance speech available at: <http://www.curamericas.org/news/31>).

**CURRICULUM VITAE**

**HENRY BAKER PERRY, III**

**PART II**

**Teaching**

***Student Advisees***

Mary Meyer-Fox (MPH Program), graduated in 2019  
Merve Gurakar (MPH Program), graduated in 2018  
Harriet Napier (MSPH Program), graduated in 2018  
Deborah Wilson (MOH/MSN Program), graduated in 2017  
Hector Carrasco (MPH Program), graduated in 2017  
Deddy Simanjuntak (MPH), graduated in 2017  
Binita Adhikari (MSPH), graduated in 2017  
Amberle Brown (MPH/MSN Program), graduated in 2016  
Yeri Son (Department of International Health, MSPH, Health Systems Program), graduated in 2016  
Marilyn Butler (MPH Program), graduated in 2016  
Michelle Willcox (Department of International Health, MSPH, Health Systems Program), graduated 2015  
Marissa Boeck (MPH Program), graduated 2015  
Maya Venkataramani (MPH Program), graduated 2015  
Xiao Ma, MSPH (Department of International Health, Health Systems Program), graduated 2014  
Rakibul Hasan, MPH, graduated 2014  
Thomas McKelvey, MPH, graduated 2013  
Mo Kham, Humphrey Fellow, 2013  
Michelle Notrica, MPH, graduated 2013  
Meike Schleiff, MSHP (Department of International Health, Health Systems Program), graduated in 2014  
Lucy Marcil, MPH, graduated 2013  
Katy Welter, MPH, graduated 2013  
Jeffrey Edwards, MPH, graduated 2013  
Leslie Koerner, MPH, graduated 2012  
Seup Park, MPH, graduated 2012  
Vidya Sampath, MSPH (Department of International Health, Health Systems Program), graduated 2012  
Nadia Rutaysire, MPH, graduated 2011  
Hyewon Lee, MPH, graduated 2011

**Advisees for Theses, Capstones, Practicums, Research Projects and Post-Doctoral Fellowships**

Jay Bala, DrPH student, Johns Hopkins Bloomberg School of Public Health Practicum Project (Abstraction and brief analysis of all MeSH terms for published literature on primary health care in Ethiopia).

Shagufta Perveen, PhD student, University of Adelaide, 2019-present (Defining the scope of a community health worker (CHW) program and measuring the success of large-scale national level CHW programs in low- and middle-income countries).

Biswas Pradhan, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2019, (The Primary Healthcare System in Nepal – Its Current Status, Gaps, and Opportunities).

Jordan Downey, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2019 (Understanding Child Mortality in Rural Communities in Sub-Saharan Africa: Measurement, Analysis, and Program Impact).

Jordana Baron, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2019 (Global cleft care: Patient-centered innovations in access and quality).

Vaishnavi Sawant, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2019 (Maternal and Child Health in Bihar, India: Challenges, Progress and Opportunities).

Mary Fox, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2019 (The Ghana Health and Education Initiative Mother Mentor Program Evaluation).

Francisco Rodriguez-Garcia, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project (Accessing First- Level Hospital Care in Low- and Middle- Income Countries: A Literature Review and Findings from the Primary Health Care Unit of the East and South East Districts of the Tigray Region in Ethiopia).

Md. Alam, MPH Johns Hopkins Bloomberg School of Public Health Capstone Project, 2018 (*Gonoshasthaya Kendra*: Its History and Current Role in the Primary Health Care Sector of Bangladesh).

Julie Wang, Johns Hopkins Bloomberg School of Public Health (Global Disease Epidemiology and Control Program of the Department on International Health), MSPH essay, 2016 (A strategy to achieve Universal Health Coverage in Ghana: The Community-based Health Planning and Services (CHPS)).

Harriet Napier, Johns Hopkins Bloomberg School of Public Health (Health Systems Program of the Department on International Health), MSPH essay, 2018 (Understanding the Return on Investment & Committing to Community Health: A Case Study from Rwanda).

Hector Carrasco, Johns Hopkins Bloomberg School of Public Health, MPH Capstone Project, 2017 (Shared Principles of Accompaniment in Four Community Health Worker Programs in Latin America).

Elizabeth Randolph, Johns Hopkins Bloomberg School of Public Health (Health Systems Program of the Department on International Health), MSPH essay, 2017 (Achievements and Setbacks in Development: An Assessment of the International Institute for Primary Health Care).

Binita Adhikari, Johns Hopkins Bloomberg School of Public Health (Health Systems Program of the Department on International Health), MSPH essay, 2017 (A Comparison of Maternal Care-seeking Behavior of Adolescent Women with Adult Women: Findings from a Multi-Country Community Trial).

Elizabeth Chan, Johns Hopkins Bloomberg School of Public Health (Global Disease Epidemiology and Control Program of the Department on International Health), MSPH essay, 2017 (Critical Analysis of the Ghana Community-based Health Planning and Services (CHPS) Program: Assessment of the Current Evidence on Implementation and Scale-up)

Subhas Chandra L. Das, Johns Hopkins Bloomberg School of Public Health, MPH Capstone Project, 2017 (Primary Health Care in India: Past, Present and Future).

Sophia Tan, Johns Hopkins Bloomberg School of Public Health, MPH Capstone Project, 2017 (Effectiveness of a community-based intervention package in resource-poor communities in Zambia and its applicability to other resource-poor, food-insecure settings).

Nina Modanlo, Johns Hopkins Krieger School of Arts and Sciences Undergraduate Honors Thesis, 2017 (Identifying Barriers to and Opportunities for Integration of Midwives (*Comadronas*) with Local Health Facilities in Guatemala)

Cam Nguyen, Johns Hopkins Bloomberg School of Public Health (Health Systems Program of the Department on International Health), MSPH essay, 2016 (An Assessment of the Packet of High-Impact Interventions and the Impact of Community Health Workers in the Bassila Health Zone of Benin)

William Menson, Johns Hopkins Bloomberg School of Public Health, MPH Capstone Project, 2016 (Effect of the Census-based, Impact-oriented and Care Group Approach (CBIO+CG) on Water, Sanitation and Hygiene (WASH), Nutrition-related, and Diarrhea-related Behaviors in Huehuetenango, Guatemala).

Nathan Nickerson, Boston University School of Public Health, DrPH, 2007 (A Program Proposal for Community-Directed Treatment of Hookworm Helminthiasis: Improving the Anemia Status of Women of Reproductive Age in the Fort St. Michel Area of Cap Haitien, Haiti)

***Final Oral Doctoral Thesis Committee Participation***

Stephen Stake, Johns Hopkins University Department of International Health, Final DrPH examination, 2016 (Intimate Partner Violence and Depressive Symptoms among Married Women of Reproductive Age in Rural Bangladesh)

Kerry Shannon, Johns Hopkins University Department of International Health, Final DrPH examination, 2015 (Determinants of Malaria in the Chittagong Hill Tracts of Bangladesh)

***Classroom Instruction***

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), May 2013-present, 60,000 enrollees

Co-Instructor (with Jennifer Winestock Luna): Applying Evaluation to More Effectively Reach Communities through Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the Online Practical Applied Learning Master's Degree Program), 2019, 13 students (received letter of commendation for excellence from the Dean's Office)

*Henry Baker Perry, III – Curriculum Vitae*

Co-Instructor (with Meike Schleiff): Advances in Community-Oriented Primary Health Care (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2019, 16 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Advances in Community-Oriented Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2019, 14 students (received letter of commendation for excellence from the Dean's Office)

Co-Instructor (with Jennifer Winestock Luna): Evaluation of District-Level Primary Health Care Implementation in Low- and Middle-Income Countries (onsite), Bloomberg School of Public Health (for Summer Institute students enrolled in the MPH and doctoral programs), 2019 (1 student)

Instructor: Advances in Community-Oriented Primary Health Care (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2018, 19 students

Instructor: Advances in Community-Oriented Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2018, 24 students (received letter of commendation for excellence from the Dean's Office)

Co-Instructor (with Jennifer Winestock Luna): Evaluation plans for primary health care projects/programs in low- and middle-income settings: evaluating the adequacy of district-level implementation (onsite), Bloomberg School of Public Health (for Summer Institute students enrolled in the MPH and doctoral programs), 2018 (3 students)

Instructor: Advances in Community-Oriented Primary Health Care (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2017, 12 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Advances in Community-Oriented Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2017, 19 students

Co-Instructor (with Jennifer Winestock Luna): Evaluation plans for primary health care projects/programs in low- and middle-income settings: evaluating the adequacy of district-level implementation (onsite), Bloomberg School of Public Health (for Summer Institute students enrolled in the MPH and doctoral programs), 2017 (2 students)

Instructor: Advances in Community-Oriented Primary Health Care (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2016, 6 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Advances in Community-Oriented Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2016, 19 students

*Henry Baker Perry, III – Curriculum Vitae*

Co-Instructor (with Jennifer Winestock Luna): Evaluation plans for primary health care projects/programs in low- and middle-income settings: evaluating the adequacy of district-level implementation (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs and for Summer Institute attendees), 2016 (5 students)

Instructor: Advances in Community-Oriented Primary Health Care (onsite), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2015, 11 students

Instructor: Advances in Community-Oriented Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2015, 24 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2014, 49 students

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), September-October 2014, 5,000 enrollees

Coordinator: Introduction to International Health, Bloomberg School of Public Health (for students enrolled in the MPH and MSPH programs), 2014, 170 students

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), May-June 2014, 7,000 enrollees

Instructor: Introduction to International Health (online), Bloomberg School of Public Health (for students enrolled in the MPH and MSPH programs), 2014, 83 students

Instructor: Case Studies in Primary Health Care, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2014, 9 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Case Studies in Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2014, 22 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2014, 37 students

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), January-February 2014, 8,000 enrollees

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), September-October 2013, 10,063 enrollees

Instructor: Introduction to International Health, Bloomberg School of Public Health (for students enrolled in the MPH and MSPH programs), 2013, 131 students

*Henry Baker Perry, III – Curriculum Vitae*

Instructor: Case Studies in Primary Health Care, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2013, 8 students (received letter of commendation for excellence from the Dean's Office)

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2013, 27 students

Instructor: Health for All through Primary Health Care, Coursera and Bloomberg School of Public Health), January-February 2013, 14,913 enrollees

Instructor: Introduction to International Health (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2013, 90 students

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2012, 28 students

Instructor: Introduction to International Health (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2012, 81 students

Instructor: Introduction to International Health, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2012, 114 students

Instructor: Case Studies in Primary Health Care (on-line), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2012, 12 students

Instructor: Global Health: Concepts, Policies and Programs, University of Denver Korbel School of International Studies Master's in Development Practice, 2011, 26 students

Instructor: Case Studies in Primary Health Care, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 18 students

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 45 students

Instructor: Introduction to International Health (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 67 students

Instructor: Introduction to International Health, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 178 students

Instructor: Case Studies in Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 26 students

Instructor: Case Studies in Primary Health Care, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2011, 8 students

Instructor: Healthy People, Healthy Communities course, Future Generations Master's Program in Applied Community Change and Conservation, distance learning and residential program in India, 2010, 14 students

*Henry Baker Perry, III – Curriculum Vitae*

Instructor: Management of NGOs in the Health Sector, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2010, 34 students

Instructor: Case Studies in Primary Health Care, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2010, 21 students

Co-Instructor: Introduction to International Health, Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2010, 170 students

Instructor: Case Studies in Primary Health Care (online), Bloomberg School of Public Health (for students enrolled in the MPH and doctoral programs), 2010, 29 students

Instructor: Leadership, Group Decision-Making and Organizations course, Future Generations Master's Program in Applied Community Change and Conservation distance learning and residential program in the U. S., 2008, 13 students

Instructor: Healthy People, Healthy Communities course, Future Generations Master's Program in Applied Community Change and Conservation, distance learning and residential program in India, 2007-8, 15 students

Instructor: Healthy People, Healthy Communities course, Future Generations Master's Program in Applied Community Change and Conservation, distance learning and residential program in India, 2006, 20 students

Instructor: Leadership, Group Decision-Making and Organizations course, Future Generations Master's Program in Applied Community Change and Conservation, distance learning and residential program in the U. S., 2006, 14 students

Instructor, Case Studies in Empowerment and Program Evaluation course, Future Generations Master's Program in Applied Community Change and Conservation distance learning and residential program in Peru, 2006, 13 students

Instructor: Leadership, Group Decision-Making and Organizations course, Future Generations Master's Program in Applied Community Change and Conservation distance learning and residential program in the U. S., 2005, 17 students

Instructor, Case Studies in Empowerment course, Future Generations Master's Program in Applied Community Change and Conservation distance learning and residential program in Peru, 2005, 13 students

Instructor: Healthy People, Healthy Communities course, Future Generations Master's Program in Applied Community Change and Conservation distance learning and residential program in India, 2004, 18 students

Facilitator for development and author of course manuals: 10-day Child Survival Training Course for paramedics employed by the USAID-supported National Integrated Population and Health Program, Bangladesh, 1998-1999, 800 paramedics

Course Director: Training of Trainers in Child Survival for Paramedics in the National Integrated Population and Health Program, Dhaka, Bangladesh, 1998, 20 trainers

Participant in course development and teaching: Case study of primary care for the Strategies in International Health course at the Emory University School of Public Health, 1994, 30 students

## **RESEARCH GRANT PARTICIPATION**

1. Initial Steps Toward Ongoing Monitoring and Evaluation of AMPATH's Population Health, Primary Health Care, and Community Health Initiatives: A Collaboration with the Johns Hopkins Bloomberg School of Public Health for Technical Support on Monitoring, Evaluation, Research and Learning (2019)  
Indiana University/AMPATH: \$50,000  
Henry Perry, Principal investigator  
Main grant objective: Develop a funding proposal in collaboration with Indiana University/AMPATH, Moi University School of Public Health in Eldoret Kenya, and the Ministry of Health of Kenya for collaborative monitoring and evaluation of population health and primary health care service delivery at the county and sub-county level  
Principal responsibilities: Proposal development, meetings with faculty from Indiana University/AMPATH, Moi University School of Public Health and the Ministry of Health, and submission of proposals for funding
2. Review of Motivation Systems, Workload, Acquired Knowledge and Competence of Community Health Workers in Madagascar (2018-2019)  
World Bank (\$280,927)  
Henry Perry, Principal investigator  
Main grant objective: Review the current strengths and weaknesses of the Government of Madagascar's community-based primary health care system  
Principal responsibilities: Leadership of a faculty team of four people
3. Start-Up of the International Institute for Primary Health Care in Ethiopia (2016-2019)  
Gates Foundation (\$1,499,795)  
Henry Perry, Principal Investigator  
Main grant objective: Provide technical support to the new International Institute for Primary Health Care – Ethiopia and participate in its teaching and research activities  
Principal responsibilities: Technical support, teaching, and coordination of Johns Hopkins engagement
4. Systematic Review of Systematic Review of Community-based Practitioners (2016)  
World Health Organization (\$25,000)  
Henry Perry, Principal Investigator  
Main grant objective: Carry out a systematic review of systematic reviews that have been carried out related to community health workers and other types of community-based practitioners. This will form the foundation for conducting future systematic reviews of CHWs.  
Principal responsibilities: Leadership of the research team, coordination of activities

*Henry Baker Perry, III – Curriculum Vitae*

5. Completion of a Comprehensive Review of the Effectiveness of Community-based Programs for Improving Maternal, Reproductive and Child Health (2015-2016)  
Gates Foundation (\$105,000)  
Henry Perry, Principal Investigator  
Main grant objective: Publish a journal supplement summarizing the findings of studies using community-based approaches to improve maternal, neonatal and child health  
Principal responsibilities: Project leadership, technical support, data analysis, writing
6. Evaluation of World Vision Maternal and Child Health Programs in Cambodia, Guatemala, Kenya and Zambia (2012-2017)  
World Vision (\$2.9 million)  
Henry Perry, Co-Principal Investigator  
Main grant objective: Assess the effectiveness of maternal and child health programs of World Vision globally  
Principal responsibilities: Technical support, leadership for the Kenya activities
7. Operations Research: Community-Based Impact-Oriented (CBIO) Child Survival in Huehuetenango, Guatemala (2011-2015)  
USAID (\$150,000)  
Henry Perry, Principal Investigator  
Main grant objective: Document the effectiveness of the CBIO approach in improving child survival in the rural highlands of Guatemala  
Principal responsibilities: Project leadership, technical guidance, and write up
8. Assessing the Quality and Effectiveness of a Community-Based Health Information System that Uses Prospective, Real-Time Monitoring of Health Status in a Child Survival Program in the Slums of Freetown, Sierra Leone (2011-2016)  
USAID (\$200,000)  
Henry Perry, Principal Investigator  
Main grant objective: Document the quality and effectiveness of a community-based information system in improving the effectiveness of child survival programming in slums in Freetown, Sierra Leone  
Principal responsibilities: Project leadership, technical guidance, and write up
7. Validating the Lives Saved Tool (*LiST*) in Mozambique (2010-2011)  
US Fund for UNICEF (\$25,000)  
Henry Perry, Principal Investigator  
Main grant objective: Analysis of mortality change in a child survival program area in Mozambique and compare the findings with indirect estimates based on service coverage data using *LiST*  
Principal responsibilities: Project leadership, technical guidance, and write up
8. Systematic Review of the Effectiveness of Community-Based Primary Health Care in Improving Child Health (2006-2009)  
American Public Health Association (\$150,000, from UNICEF, World Health Organization, the World Bank, CORE Group/USAID, and Future Generations)  
Henry Perry, Technical Leader and Managing Director  
Main grant objective: Synthesize and assess the evidence base for community approaches to reducing child mortality and improving child nutrition  
Principal responsibilities: Project leadership, management, data analysis, and write-up

9. Child Survival in Peru (2005-2008)  
Future Generations (\$1,250,000, from USAID)  
Henry Perry, Headquarters Backstop  
Main grant objective: Develop stronger community-based child survival services in rural communities of Cusco, Peru, with a focus on community-managed health services  
Principal responsibilities: Technical support and supervision
10. An Assessment of the Census-Based, Impact-Oriented Approach and Its Application by Andean Rural Health Care in Bolivia, South America (1993, from USAID)  
Andean Rural Health Care (\$100,000, from USAID)  
Henry Perry, Principal Investigator  
Main grant objective: Consolidate the data regarding Andean Rural Health Care's experience with the CBIO approach, prepare a monograph using this data, and coordinate the activities of an Expert Review Panel convened by USAID  
Principal responsibilities: Data consolidation and write-up, preparation of monograph, staff support to the Expert Review Panel
11. Child Survival in Bolivia (1987, from USAID)  
Andean Rural Health Care (\$217,000)  
Henry Perry, Headquarters Backstop  
Main grant objective: Provide community-based child survival services in rural Bolivia  
Principal responsibilities: Technical support and supervision
12. Further Analyses of the Physician Assistant Profession (1978, from the U.S. Department of Health and Human Services)  
Henry Perry, Principal Investigator (\$10,000)  
Main grant objective: Incorporate more recent information about the physician assistant profession into a comprehensive monograph  
Principal responsibilities: Data collection, analysis, and write-up
13. National Survey of the Physician Assistant Profession (1974, from the U.S. Department of Labor)  
Henry Perry, Principal Investigator (\$15,000)  
Main grant objective: Characterize for the first time the entire physician assistant profession in the U.S.  
Principal responsibilities: Data collection and analysis, write-up

## **ACADEMIC SERVICE**

- 2014-present Senior Scientist, Health Systems Program, Department of International Health, Bloomberg School of Public Health, Johns Hopkins University, Baltimore, Maryland
- 2009-2014 Senior Associate, Health Systems Program, Department of International Health, Bloomberg School of Public Health, Johns Hopkins University, Baltimore, Maryland
- 2011 Adjunct Professor, Josef Korbel School of International Studies, University of Denver, Denver, Colorado
- 1988-present Adjunct Professor, Department of Global Health, Rollins School of Public Health, Emory University, Atlanta, Georgia
- 2009-present Adjunct, Future Generations School of Graduate Studies, Franklin, West Virginia

*Henry Baker Perry, III – Curriculum Vitae*

2004-2009	Carl Taylor Endowed Professor for Equity and Empowerment, Future Generations Graduate School, Franklin, West Virginia
1997-2009	Associate, Health Systems Program, Department of International Health, Bloomberg School of Public Health, Johns Hopkins University, Baltimore, Maryland
1995-1997	Research Associate, Department of International Health, Bloomberg School of Public Health, Johns Hopkins University, Baltimore, Maryland (assigned to the ICDDR, Center for Health and Population Research)
1981-1984	Assistant Clinical Professor, Department of Community and Family Medicine, School of Medicine, Duke University, Durham, North Carolina

## **PRESENTATIONS**

### **Scientific Meetings**

1. Recommendations of an Expert Panel for Improving the Health of Mothers, Newborns and Children through Community-based Interventions. Annual meeting of the Consortium of Universities for Global Health. Washington, DC, 2017.
2. Recommendations of an Expert Panel for Strengthening CBPHC to Further Improve MNCH. Presentation at the American Public Health Association annual meeting, Atlanta, Georgia, 2017.
3. Findings of a Comprehensive Review of the Effectiveness of Community-based PHC in Improving Maternal, Neonatal and Child Health. Presentation at the Workshop on Community-based Primary Health Care, American Public Health Association annual meeting, Atlanta, Georgia, 2017.
4. Community Health Workers: An Overview. Presentation at the Workshop on Community-based Primary Health Care, American Public Health Association annual meeting, Atlanta, Georgia, 2017.
5. Recommendations for Strengthening Community-based Primary Health Care to Improve Maternal, Neonatal and Child Health. Annual meeting of the Consortium of Universities in Global Health, Washington, DC, 2017
6. Recommendations for Strengthening Community-based Primary Health Care to Improve Maternal, Neonatal and Child Health. Presentation at the Institutionalizing Community Health Conference, Johannesburg, South Africa, 2017.
7. Review of the Effectiveness of Community-based PHC in Improving Maternal, Neonatal and Child Health. Presentation at the Fourth Global Symposium on Health Systems Research, Vancouver, Canada, 2016.
8. Review of the Effectiveness of Community-based PHC in Improving Maternal, Neonatal and Child Health. Presentation at the Workshop on Community-based Primary Health Care, American Public Health Association annual meeting, Denver, Colorado, 2016.
9. Review of the Effectiveness of CBPHC in Improving Maternal, Neonatal and Child Health: Equity, Strategies, and Broader Implications. Presentation at the American Public Health Association annual meeting, Denver, Colorado, 2016.
10. Reducing maternal and child deaths through community-based approaches: estimates using the LiST tool. Presentation at the American Public Health Association annual meeting, Denver, Colorado, 2016.
11. Community Health Workers as Surveillance Agents for Zika, Other Epidemic Outbreaks, and Vital Events. Presentation at the American Public Health Association annual meeting, Denver, Colorado, 2016.
12. Human Rights, Sustainable Development Goals, Universal Access to Healthcare, and Health for All: Perspectives from a Community Health Activist. Presentation at the Symposium on Sustainable Development, Moi University, Eldoret, Kenya. 2016.

13. How can we build sustainable large-scale national CHW programs? Presentation at the Spring Annual Meeting of the CORE Group. Portland, Oregon. 2016.
14. Strategies for Improving Maternal, Neonatal and Child Health through Community-based Approaches: A Review of the Evidence. Presentation at the Spring Annual Meeting of the CORE Group. Portland, Oregon. 2016.
15. Equity Effects of Community-based Approaches to Improve Maternal, Neonatal and Child Health: A Review of the Evidence. Presentation at the Spring Annual Meeting of the CORE Group. Portland, Oregon. 2016.
16. Review of the Effectiveness of CBPHC in Improving Maternal, Neonatal and Child Health. Presentation at the Spring Annual Meeting of the CORE Group. Portland, Oregon. 2016.
17. The Census-based, Impact-Oriented Approach. American Public Health Association Annual Meeting. Chicago, Illinois. 2015.
18. An Update on Advances in Community-based Primary Health Care in Improving Maternal and Child Health. Annual Workshop on Community-based Primary Health Care. American Public Health Association Annual Meeting. Chicago, Illinois. 2015
19. Community-level Human Resources for Health: Return on Investment and Pathway to Universal Health Coverage in Sub-Saharan Africa. High-level Minister of Finance Meeting on Investing in Human Resources for Health for Sustainable Development in Africa (Side event of the third International Conference on Financing for Development). Addis Ababa, Ethiopia. 2015.
20. Financial benefits of investing in surveillance via CHWs: Lessons from the Ebola epidemic. Conference on Financing Community Health Worker and Health Systems at Scale in Sub-Saharan Africa. Accra, Ghana. 2015.
21. Real-time data analysis for program strengthening: using the Care Group methodology for real-time assessments of population coverage of key interventions and mortality of children younger than 5 years of age. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Washington, DC, 2015.
22. Universal Health Coverage and Primary Health Care in Low-Income Countries: Points of Convergence and Divergence. American College of Preventive Medicine. Atlanta, Georgia, 2015.
23. Are Faith-based Organizations Effective in Delivering Development Aid for Health Improvement in Africa? American Public Health Association Annual Meeting. New Orleans, Louisiana, 2014.
24. The Census-based, Impact-oriented (CBIO) Approach and Home-based Neonatal Care. Annual Workshop on Community-based Primary Health Care. American Public Health Association Annual Meeting. New Orleans, Louisiana, 2014.
25. Comments on the CHW Reference Guide. Community Health Worker Technical Advisory Group Meeting. Washington, DC, 2014.
26. A Proposed Approach to Improving Community Health Worker Performance: A Synthesis Arising from the 2012 United States Government Evidence-based Summit on Community Health Workers. Third Global Symposium on Health Systems Research, Cape Town, South Africa, 2014.
27. Community Participation in Health Systems for Responsiveness: Program-based Research from Liberia and Guatemala. Third Global Symposium on Health Systems Research, Cape Town, South Africa, 2014.
28. Care Groups: Experience and Evidence. Care Group Technical Advisory Group Meeting. Washington, DC, 2014.
29. Community-based Approaches to Improving Reproductive, Maternal, Neonatal and Child Health: Current Status of the Evidence. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Washington, DC, 2014.

30. Lives Saved Tool (LiST) Analysis of Care Group versus Non-Care Group Child Survival Projects. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Washington, DC, 2014.
31. Community Health Workers as Registrars of Vital Events: Experiences from Non-governmental Organizations. America Public Health Association Annual Meeting, Boston, MA, 2013.
32. A New Resource for Community Health Worker Programming – Developing and Strengthening Community Health Worker Programs at Scale: A Reference Guide for Program Managers and Policy Makers. CORE Group (Collaboration and Resources for Child and Maternal Health) Fall Meeting, Washington, DC, 2013.
33. The Mortality Assessment for Health Programs (MAP) Manual. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Baltimore, MD, 2013.
34. Experience in Teaching Health for All through Primary Health Care on Coursera. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Baltimore, MD, 2013.
35. Overview of Rationale and Use of Verbal Autopsies. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Wilmington, DE, 2012.
36. Presentation of Findings of Evidence Review Team 1. U.S. Government Evidence Summit: Community and Formal Health System Support for Enhanced Community Health Worker Performance. Washington DC, 2012.
37. Ensuring Accountability to Deliver Results: The Role of Community-level Data and Information in Ensuring Accountability. Global Conference Sponsored by the Governments of the United States, India and Kenya, the World Health Organization and UNICEF (A Promise to Keep: Global Child Survival Call to Action), Washington, DC 2012.
38. Community Health Workers – What Have We Learned? CORE Group (Collaboration and Resources for Child and Maternal Health) Fall Meeting, Washington, DC, 2012.
39. Current Status of Polio Eradication. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Baltimore, MD 2011.
40. Mid-Term Evaluation of the Core Group Polio Project: Conclusions and Recommendations. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Baltimore, MD, 2011.
41. Findings and Recommendations from a Recent Evaluation of the CORE Group Polio Project. Global Health Council Annual Meeting, Washington, DC, 2011.
42. Conceptual frameworks: health systems and the community. CORE Group (Collaboration and Resources for Child and Maternal Health), Spring Meeting, Baltimore, MD, 2010.
43. Community-based Primary Health Care and Orphans and Vulnerable Children. Christian Connections for International Health, Germantown, MD, 2010.
44. Community-based Primary Health Care Programs in Low-Income Areas in Developing Countries. Christian Connections for International Health, Germantown, MD, 2010.
45. Scaling Up and Sustainability of Community-based Primary Health Care: The BRAC Experience. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Annapolis, MD, 2009.
46. Acceptance of the Dory Storms Award. CORE Group (Collaboration and Resources for Child and Maternal Health), Fall Meeting, Washington, DC, 2009.
47. Findings from a Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health. Rollins School of Public Health, Emory University, Atlanta, GA, 2009.

48. The Master's Program in Applied Community Change and Conservation of Future Generations. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Atlanta, GA, 2008.
49. Update on the Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Atlanta, GA, 2008.
50. The Role of the Faith-based Community in Producing Evidence Regarding the Effectiveness of Community-based Primary Health Care in Improving Child Health. Christian Connections for International Health, Germantown, MD, 2008.
51. Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health: Methods. Global Health Council, Washington, DC, 2008.
52. Innovative Approaches to Delivery of Community-based Interventions Which Have Evidence of Impact on Under-5 Mortality. International Conference Dedicated to the 30<sup>th</sup> Anniversary of the Alma-Ata Declaration of WHO and UNICEF on Primary Health Care in Almaty, Kazakhstan, 2008.
53. The Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health: Current status. CORE Group (Collaboration and Resources for Child and Maternal Health) Spring Meeting, Easton, MD, 2007.
54. From the Maine Medical Center to Global Health: A Personal Journey Off the Beaten Path. Albert Dibbins Lecture. Maine Medical Center Annual Surgical Symposium, Isaac Weber Day, Portland, ME, 2007.
55. CBIO, Care Groups and Mortality Assessment: Past, Present and Future. USAID Child Survival and Health Grants Program Mini-University, Johns Hopkins University, Baltimore, MD, 2007.
56. Mortality Impact Measurement in Census-based Programs of NGOs. Expert Consultation on Methodological Alternatives for Monitoring Child Mortality. Institute for International Programs, Bloomberg School of Public Health, Johns Hopkins University, 2007, Baltimore, MD.
57. Languishing Capacity: Under-utilization of US-based PVOs/NGOs in the Fight for Child Survival. Annual meeting, American Public Health Association, Washington, DC, 2007.
58. Integrated Approaches to Improving Child Health: Findings from a Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health. Presentation to the Workshop on Community-Based Primary Health Care. Annual meeting, American Public Health Association, Washington, DC, 2007.
59. Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health: Main Findings. Annual meeting, American Public Health Association, Washington, DC, 2007.
60. A Systematic Review of the Effectiveness of Community-based Primary Health Care in Improving Child Health: Methods and Preliminary Findings. Child Health Epidemiology Reference Group (CHERG) fall meeting, New York, NY, 2007.
61. Searchers Who Are Improving Health in the Midst of Poverty. Presentation at the Great Debates Session on Poverty, Development and Health, Eleventh International Congress, World Federation of Public Health Associations, Rio de Janeiro, Brazil, 2006.
62. The Case for Community-based Primary Health Care as a Key Strategy to Achieve the Millennium Development Goals in Child Health. All-Africa Meeting of UNICEF Representatives, Dakar, Senegal, 2006.
63. Issues in Scaling Up: The SEED-SCALE Approach. The CORE Group (Collaboration and Resources for Child and Maternal Health), Baltimore, MD, 2004 (presentation at the spring meeting).

64. Experiences with Mortality Measurement in Child Survival Projects. The CORE Group (Collaboration and Resources for Child and Maternal Health), Baltimore, MD, 2004 (presentation at the spring meeting).
65. Equity and Empowerment through the SEED-SCALE Approach: Pathways to Reaching Health for All. Presentation to the Tenth Congress of World Federation of Public Health Associations, Brighton, England, 2004.
66. Inequities in Infant and Child Mortality at the Micro-level: Examples from Urban Bangladesh and Rural Haiti. Presentation to the Tenth International Congress, World Federation of Public Health Associations, Brighton, England, 2004.
67. Long-term Under-five Mortality Impact of Hôpital Albert Schweitzer in Haiti. Annual meeting, American Public Health Association, Washington, DC, 2004.
68. Improving Health in Developing Countries in a Sustainable Fashion through Community-based Health Care. Sustainable Resources Conference, Boulder, CO, 2004.
69. The Potential of Community-based Approaches Incorporating Principles of SEED-SCALE for Achieving the Millennium Development Goals: Experiences from India, China, Afghanistan and Peru (poster presentation). Global Forum for Health Research. Mexico City, Mexico, 2004.
70. Levels, Risk Factors, and Final Causes of Child Mortality in Urban Bangladesh. Annual meeting, American Public Health Association, San Francisco, CA, 2003.
71. HIV Infection at the Hôpital Albert Schweitzer. Presentation to the annual meeting of the Haitian Medical Society, Port-au-Prince, Haiti, 2002.
72. The Long-term Impact of a Community-based Health Care Program on Infant and Child Mortality: The Experience of the Hôpital Albert Schweitzer in Haiti. Annual meeting, American Public Health Association, Atlanta, GA, 2001 (with Warren Berggren).
73. Primary Health Care in a Changing World: Experiences, Lessons, and Continuing Advances. Annual meeting, American Public Health Association, Atlanta, GA, 2001.
74. Health and Development in Rural Haiti: The Experience of the Hôpital Albert Schweitzer. 2000. Ninth International Congress, World Federation of Public Health Associations, Beijing, China, 2000.
75. The Hôpital Albert Schweitzer in Haiti: A Half-century of Promoting Reverence for Life. Presentation to the Albert Schweitzer International Symposium, Nashville, TN, 2000.
76. Primary Health Care in Bangladesh: Challenges, Approaches, and Results. Symposium on "Community-Based Health Care: Lessons from Bangladesh to Boston," Harvard University School of Public Health (sponsored by the Working Group on Community-based Primary Health Care of the International Health Section of the American Public Health Association and the Harvard School of Public Health Alumni Association). Boston, MA, 2000.
77. Barriers to Immunization in the Slums of Dhaka City. Annual Scientific Conference VIII. International Centre for Diarrhoeal Disease Research, Bangladesh, Dhaka, Bangladesh, 1999.
78. Integrated Management of Childhood Illness: Current Status. Meeting of the Mathura Pediatric Society. Mathura, India, 1999.
79. Levels and Correlates of Infant and Childhood Mortality in Urban Bangladesh: Findings from Zone 3 of Dhaka City. Annual meeting, American Public Health Association, Washington, DC, 1998.
80. Infant and Child Mortality in Zone 3 of Dhaka City, Bangladesh. Annual Scientific Conference VI. International Centre for Diarrhoeal Disease Research, Bangladesh: Centre for Health and Population Research, Dhaka, Bangladesh, 1997.
81. World Vision's Experience with Community Partnerships in Bangladesh. Annual meeting, American Public Health Association, Indianapolis, IN, 1997.

82. Assessment of the Quality of Urban Field Worker Services. Annual Scientific Conference V, International Centre for Diarrhoeal Disease Research, Bangladesh: Centre for Health and Population Studies. Dhaka, Bangladesh, 1996.
83. How Are the Social Sciences Helping to Empower the Poor to Promote Their Own Health and Development? Concluding address, Annual Scientific Conference V. International Centre for Diarrhoeal Disease Research, Bangladesh. Dhaka, Bangladesh, 1996.
84. Andean Rural Health Care's Experience with the Census-based, Impact-oriented Approach in Bolivia (4 lectures). Christian Medical and Dental Society International Continuing Education Symposium (Community and Public Health Track), Nairobi, Kenya, 1994.
85. Integration of Family Planning Services into a Child Survival and Comprehensive Primary Care Framework in Latin America: The Experience of an NGO in Bolivia. Annual meeting, National Council for International Health, Washington, DC, 1994.
86. The Mortality Impact of Andean Rural Health Care's Child Survival Activities (with David Shanklin). Worldwide Conference on Community Impact of PVO Child Survival Efforts: 1985-1994 (sponsored by USAID), Bangalore, India, 1994.
87. Home Visitation in Bolivia: Lessons of Relevance for the U.S. Learned by Andean Rural Health Care. Annual meeting, National Council for International Health, Washington, DC, 1992.
88. Local Variations in Determinants of Childhood Mortality in Three Ecological Regions of Bolivia: Implications for Child Survival Programming. Annual meeting, American Public Health Association, Washington, DC, 1992.
89. Improving Child Survival through Community Health Projects: Experiences from the Past and Implications for the Future. Annual meeting, American Public Health Association, Atlanta, GA, 1991.
90. An Application of the Principles of Community-oriented Public Health to Rural Bolivia. Annual meeting, National Council for International Health, Washington, DC, 1990.
91. A Census-based, Impact-oriented Approach to Child Survival on the Northern Altiplano of Bolivia. Annual meeting, American Public Health Association, New York, NY, 1990.
92. Health Maintenance Organizations and Their Potential Impact on the Need for Physician Manpower. Annual meeting, American Public Health Association, Washington, DC, 1986.
93. Conflict in an International Rural Health Project in the Andes: An Interpretation. Southern Sociological Society, Charlotte, NC, 1985.
94. Beyond GEMENAC: Reassessing Society's Need for Physicians and Mid-level Health Professionals. Annual meeting, American Public Health Association, Washington, DC, 1985.
95. The Village Health Worker Concept. World Congress of Sociology, Mexico City, Mexico, 1982.
96. The Surgical Physician Assistant and the Surplus of General Surgical Manpower. Society of University Surgeons, Hershey, Pennsylvania, 1981.

#### **Invited Seminars/Addresses/Invited Classroom Lectures in Other Courses**

1. Reflecting on Four Decades of Engagement in Community-Based Primary Care. Emory University Schools of Public Health and Nursing, Atlanta, Georgia, 31 January 2020.
2. Engaging communities in measuring their local population's health to improve accountability and ownership over health outcomes. Moi University, Eldoret, Kenya, 2019.
3. John B. Grant: The Father of Primary Health Care and Community Health. Presentation to the J.B. Grant Society on the Occasion of the 25<sup>th</sup> Anniversary of the Society (at the Johns Hopkins Bloomberg School of Public Health), 2019.

4. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2019 (Winter Term).
5. Engaging Communities for Eradicating Polio: The CORE Group Polio Project, Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2019 (Winter Term).
6. Book Launch: Engaging Communities for Improving Mothers' and Children's Health. Johns Hopkins Bloomberg School of Public Health, Seminar of the Center for Maternal and Neonatal Health, 2018.
7. The Evolving Work of Faith-based Organizations and Community-based Primary Health Care 40 Years After Alma-Ata. Christian Connections for International Health Annual Meeting, Baltimore, MD, 2018.
8. The Declaration of Alma-Ata at 40: Where Are We Now and Where Should We Be Headed in the Pursuit of Health for All? Presentation to the Gates Foundation Staff, New Delhi, India, 2018.
9. The Declaration of Alma-Ata at 40: Where Are We Now and Where Should We Be Headed in the Pursuit of Health for All? Seminar for PhD students, Department of International Health, 2018.
10. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2018 (Winter Term).
11. Opportunities for Improving Maternal and Child Health through Community-based Programs in Asia. Presentation for Asian Students Group, Johns Hopkins Bloomberg School of Public Health, 2018.
12. Perspectives on Community-Oriented Primary Health Care. Class on Community-oriented Primary Health Care, University of Nebraska School of Public Health, Omaha, Nebraska, 2017 (by video).
13. Findings of the Comprehensive Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Rollins School of Public Health, Atlanta, Georgia, 2017.
14. Findings of the Comprehensive Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Global Health Network sponsored by the Research Triangle Institute, Washington, DC, 2017.
15. Findings of the Comprehensive Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Maternal and Child Survival Program/Jhpiego, Washington, DC, 2017.
16. An Overview of Primary Health Care. Class for entering PhD students. Department of International Health, Johns Hopkins Bloomberg School of Public Health, 2017.
17. Design and Database for the Comprehensive Review of the Effectiveness of Community-based Primary Health Care in Improving Maternal, Neonatal and Child Health. Seminar for the Center on Maternal and Neonatal Health. Johns Hopkins Bloomberg School of Public Health, 2017.
18. Remembering Jack Bryant: A Pioneer in Global Health. Memorial Service, Charlottesville, VA, 2017.
19. A Journey with Primary Health Care. Health Systems Seminar. Johns Hopkins Bloomberg School of Public Health, 2017.
20. A Career in Global Health. Presentation to the 45<sup>th</sup> Duke Medical School Class Reunion, 2017, Durham, NC.
21. Community Health Workers and Community-based Primary Health Care. Presentation to course on Global Trends in Health, Covenant College, Lookout Mountain, Georgia, 2017.

22. Community Health Workers in Rwanda and Ethiopia. Presentation to the African Public Health Network of the Johns Hopkins Bloomberg School of Public Health, 2017.
23. BRAC – A New BINGO (Big International NGO). Presentation to the World Vision Program Leadership Team, Washington, DC, 2017.
24. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2017 (Winter Term).
25. Recommendations of an Expert Panel for Improving the Health of Mothers, Newborns and Children through Community-based Interventions. Institutionalizing Community Health Conference (sponsored by USAID, UNICEF and the Gates Foundation), Johannesburg, South Africa, 2017.
26. Warren Berggren: Global Health Pioneer. University of Nebraska School of Public Health Annual Berggren Lecture Series. Omaha, Nebraska, 2017.
27. The History of Primary Health Care from a Global Perspective. Lecture for a visitation delegation from Tanzania and Lesotho to the International Institute for Primary Health Care, Eldoret, Kenya. 2016.
28. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2016 (Summer Term).
29. Census-Based, Impact-Oriented Child Survival in Huehuetenango, Guatemala: Results, Lessons Learned, and Recommendations for Building an Inclusive Equitable Rural Health System (with Ira Stollak). Presentation to the Maternal and Child Survival Program/Jhpiego/USAID. Washington, DC, 2016,
30. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2016 (Winter Term).
31. Resources for Developing and Strengthening Community Health Worker Programs at Scale. Presentation to the United States Agency for International Development, Washington, DC, 2016.
32. The Potential Contribution of Community Health Workers to Strengthening Surgical Services in Developing Countries. Division of Health Systems, Department of International Health, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2016 (class lecture for Surgical Services in Developing Countries course, May).
33. Personal Lessons in Management and Leadership from Working with NGOs (Class presentation, Presentation for the course “Management of NGOs in the Health Sector,” 2016 (February).
34. Thoughts for the Polio End Game Legacy Planning. Center for Strategic and International Studies (CSIS) Polio Eradication Legacy Planning Working Group, 2015 (December).
35. Community Health Workers and Community-based Primary Health Care. Continuing Education Program for Samaritan’s Purse staff and other colleagues (global internet broadcast), 2015 (December).
36. Personal Experiences with Health Systems Strengthening in Bolivia: 1969-1995. Health Systems Program. Johns Hopkins Bloomberg School of Public Health, Baltimore, MD (weekly seminar). 2015 (December).
37. Care Groups: An Overview of Implementation and Effectiveness. Presentation for the USAID/Jhpiego/Maternal and Child Survival Program, 2015 (November) (with Melanie Morrow and Tom Davis).
38. Hospital Albert Schweitzer in Haiti: A Case Study. Presentation for the Course “Entry Points of Development,” St. Regis University (Denver CO) 2015 (November)

39. Primary Health Care: An Overview. Guest Lecture. Seminar for PhD Students, Department of International Health, 2014 (October).
40. Christian Influences on the Emergence of Primary Health Care in Low-Income Settings. Presentation for the Public Health Christian Student Group (October 2015).
41. The BRAC approach to poverty alleviation and health improvement. Christian Connections for International Health annual conference, Washington, DC, 2015 (June).
42. Remembering Warren Berggren (presentation as symposium for Warren Berggren at the University of Colorado), Denver, CO, 2015 (June).
43. The potential contribution of community health workers to strengthening surgical services in developing countries. Division of Health Systems, Department of International Health, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2015 (class lecture for Surgical Services in Developing Countries course, May).
44. Care Groups: Experience and Evidence. Rollins School of Public Health, Emory University, Atlanta, Georgia, 2015.
45. Teaching, Research, Service and Technical Support Related to Primary Health Care in Low-income Countries in the Department of International Health of the Bloomberg School of Public Health. Primary Care Consortium Biennial Retreat to Advance Primary Care. Johns Hopkins School of Medicine, 2015.
46. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2015 (January).
47. Primary Health Care: An Overview. Guest Lecture. Seminar for PhD Students, Department of International Health, 2014 (November).
48. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, Johns Hopkins Bloomberg School of Public Health, 2014 (June).
49. Ebola: Lessons for Health Systems from a Community-Oriented Perspective. Johns Hopkins Department of International Health, Health Systems Program, Weekly Seminar, 2014.
50. An Overview of “Developing and Strengthening Community Health Worker Programs at Scale: A Reference Guide for Program Managers and Policy Makers.” Presentation for Webinar sponsored by Health Systems Global entitled Impact of Community Health Workers: Current Evidence Base and Essential Focus Areas (available online at: <https://www.youtube.com/watch?v=AFW1DuIdvrl&feature=youtu.be>), 2014.
51. Reverence for Life at the Beginning of Life: Ending Preventable Maternal and Child Deaths by 2035. Keynote address, Junaluska Peace Conference, Lake Junaluska, NC 2014.
52. Community-based Approaches to Improving Reproductive, Maternal, Neonatal and Child Health: Current Status. Presentation for the Maternal and Child Health Integrated Project (MCHIP), Washington, DC, 2014.
53. Approaches to Building on the Evidence to Improve Reproductive, Maternal, Neonatal and Child Health through Community-based Activities. Presentation for the Maternal and Child Health Integrated Project (MCHIP), 2014.
54. The potential contribution of community health workers to strengthening surgical services in developing countries. Division of Health Systems, Department of International Health, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2014 (class lecture for Surgical Services in Developing Countries course).
55. The BRAC Manoshi Urban Maternal, Neonatal and Child Health Project in Dhaka, Bangladesh. Division of Health Systems, Department of International Health, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2014 (class lecture for Urban Health Issues in Developing Countries course).

56. Community-based Approaches to Improving Maternal, Neonatal and Child Health. Guest Lecture. Course on Tropical Medicine and Child Health, 2014 (January).
57. Early Findings from a Literature Review on Community-based Primary Health care and Reproductive, Maternal, Neonatal and Child Health. Presentation for the Maternal and Child Health Integrated Project (MCHIP), 2013.
58. Community-based Primary Health Care Programs for Mothers and Children in Low-Resource Settings. University of Pennsylvania, Philadelphia, PA, 2013 (university-wide course in global health).
59. Primary Health Care: A Redefinition. Health Systems Program, Department of International Health. Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2013 (weekly seminar).
60. Community-based Primary Health Care. Continuing Education Program for Samaritan's Purse staff and other colleagues (global internet broadcast), 2013.
61. Community Health Worker Motivation/Incentives – Program Implementation Workshop sponsored by USAID, MCHIP, PSI, VSI, and EngenderHealth. Washington, DC, 2013.
62. Commencement Address. Appalachian State University, Boone, NC, 2013.
63. The BRAC Manoshi Urban Maternal, Neonatal and Child Health Project in Dhaka, Bangladesh. Division of Health Systems, Department of International Health, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 2013 (class lecture for Urban Health Issues in Developing Countries course).

128. Coverage of EPI services in Zone 3 of Dhaka City. International Centre for Diarrhoeal Disease Research, Bangladesh, Dhaka, Bangladesh, 1996 (Urban Extension Project In-House Seminar).
129. An introduction to Andean Rural Health Care. Emory University Rollins School of Public Health, Atlanta, GA, 1995 (seminar for class course).
130. Child survival in Bolivia, South America: Andean Rural Health Care's experience with the census-based, impact-oriented approach. International Centre for Diarrhoeal Disease Research, Bangladesh, Dhaka, Bangladesh, 1995 (Population and Family Planning Divisional Seminar).
131. The development of Andean Rural Health Care, 1981-1994. Department of Surgery, Maine Medical Center, 1994, Portland, ME (weekly departmental conference).
132. Community-oriented public health and its application by Andean Rural Health Care. Harvard University School of Public Health, Boston, MA, 1994 (special school-wide seminar).
133. A new approach to child survival programming in Bolivia: The Andean Rural Health Care experience. Emory University Rollins School of Public Health, Atlanta, GA, 1994 (school-wide seminar).
134. The Bolivian health care system. Emory University Rollins School of Public Health, Atlanta, GA, 1993 (seminar for class course).
135. The origins of Andean Rural Health Care. Johns Hopkins Bloomberg School of Public Health, 1993, Baltimore, MD (seminar for class course, Case Studies in Primary Health Care).
136. The development of Andean Rural Health Care in Bolivia. Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, 1992 (seminar for class course, Case Studies in Primary Health Care).

137. The role of NGOs in health care in Bolivia. Emory University Rollins School of Public Health, Atlanta, GA, 1992 (seminar for class course).
138. Graduation address. George Washington University Physician Assistant Program, Washington, DC, 1987.
139. Graduation address. Duke University Physician Assistant Program, Durham, NC, 1987.
140. Graduation address. Norwalk Surgical Physician Assistant Residency Program, Norwalk, CT, 1985.
141. Graduation address. Norwalk Surgical Physician Assistant Residency Program, Norwalk, CT, 1981.

## **ADDITIONAL INFORMATION**

### **Personal Statement of Professional Objectives**

- To assess, develop, document, and teach about new approaches to service delivery and community partnerships in developing countries that lead to sustainable improvements in program quality and program outcomes
- To highlight the importance and the potential of community-based approaches to improving the health of populations in developing countries
- To contribute to the scientific literature on community-based approaches to improving the health of populations in developing countries
- To support efforts aimed at strengthening surgical services in developing countries
- To teach and mentor students and young professionals with interests in community health and community-based primary health care in developing countries
- To serve people in need

### **International Experience**

- |      |   |
|------|---|
| 2019 | Visit to AMPATH/Moi University in Eldoret, Kenya for project planning (7 days)  |
| 2019 | Visit to assist the Government of Madagascar and the World Bank with a revision of its community-based primary health care system (7 days)                          |
| 2019 | Provision of support to the International Institute for Primary Health Care – Ethiopia and attendance at the Advisory Board meeting Addis Ababa, Ethiopia (5 days)  |
| 2018 | Provision of support to the International Institute for Primary Health Care – Ethiopia and attendance at the Advisory Board meeting Addis Ababa, Ethiopia (10 days) |
| 2018 | Initial visit to assist the Government of Madagascar and the World Bank with a revision of its community-based primary health care system (7 days)                  |
| 2018 | Initial visit to meet with staff of the Gates Foundation and cooperating partners working in primary health care in Bihar, India (5 days)                           |
| 2017 | Provision of support to the International Institute for Primary Health Care – Ethiopia and attendance at the Advisory Board meeting Addis Ababa, Ethiopia (10 days) |
| 2017 | Provision of support to the International Institute for Primary Health Care – Ethiopia. Addis Ababa, Ethiopia (1 week)  |
| 2017 | Final wrap up of operations research project in Freetown, Sierra Leone with Concern Worldwide (7 days)  |

*Henry Baker Perry, III – Curriculum Vitae*

2017	Attendance at inaugural Advisory Board meeting of the International Institute for Primary Health Care – Ethiopia and provision of support. Addis Ababa, Ethiopia (10 days)
2017	Presentation to the Institutionalizing Community Health Conference, Johannesburg, South Africa (4 days)
2017	Leadership and technical support for operations research project in Freetown, Sierra Leone with Concern Worldwide (10 days)
2017	Provision of support to the International Institute for Primary Health Care – Ethiopia. Addis Ababa, Ethiopia (1 week)
2016	Leadership and technical support for operations research project in Freetown, Sierra Leone with Concern Worldwide (7 days)
2016	Provision of support to the International Institute for Primary Health Care – Ethiopia. Addis Ababa, Ethiopia (1 week)
2016	Guidance for training of endline data collection, independent evaluation of World Vision’s maternal and child health programs in Kenya (1 week)
2016	Provision of support to the establishment of the International Institute for Primary Health Care – Ethiopia. Addis Ababa, Ethiopia (2 weeks)
2016	Provision of support to the research project for independently evaluating World Vision’s maternal and child health programs in Kenya (Kenya, 1 week)
2016	Review of field programs of Curamericas/Guatemala (Guatemala, 1 week)
2016	Planning for an International Institute for Primary Health Care in Ethiopia with the Federal Ministry of Health, Addis Ababa, Ethiopia (1 week)
2015	Review of operations research project in Freetown, Sierra Leone with Concern Worldwide (2 weeks)
2015	Participation in the Conference on Investing in Human Resources for Health in Africa: High Level Ministerial Meeting Addis Ababa, Ethiopia (2 days)
2015	Participation in the 1 Million Community Health Worker Campaign Conference on Financing Community Health Worker Systems at Scale in Sub-Saharan Africa held in Accra, Ghana (3 days)
2015	Participation in the 1 Million Community Health Worker Campaign Conference on Financing Community Health Worker Systems at Scale in Sub-Saharan Africa (3 days)
2015	Review of operations research project in Huehuetenango, Guatemala with Curamericas/Guatemala (1 week)
2014	Dissemination of baseline evaluation findings from the external evaluation of maternal and child health programs of World Vision in Kenya (1/2 week)
2014	Discussions with the Ministry of Health in Ethiopia regarding an International Institute for Primary Health Care (1 week)
2014	Participation in the Third Global Symposium on Health Systems Research, Cape Town, South Africa (1 week)
2014	Review of monitoring and evaluation activities of World Vision in London (1 week)
2014	Review of operations research project in Huehuetenango, Guatemala with Curamericas/Guatemala (1 week)
2013	Participation in training for the national academic partner (National School of Public Health) for collection of baseline data for evaluation of World Vision’s field programs in Cambodia (1 week)
2013	Celebration of 30 years of work of <i>Consejo de Salud Rural Andino</i> in Bolivia (1 week)

*Henry Baker Perry, III – Curriculum Vitae*

2013	Review of operations research project in Freetown, Sierra Leone with Concern Worldwide (1 week)
2013	Review of operations research project in Huehuetenango, Guatemala with Curamericas/Guatemala (1 week)
2012	Planning of operations research project in Freetown, Sierra Leone with Concern Worldwide (1 week)
2012	Planning of external evaluation of World Vision maternal and child health programs (2 weeks)
2012	Review of operations research project in Huehuetenango, Guatemala with Curamericas/Guatemala (1 week)
2011	Planning of operations research project in Huehuetenango, Guatemala with Curamericas/Guatemala (1 week)
2010	Visitation of the Jamkhed Comprehensive Rural Health Project in Jamkhed, India, with Future Generations graduate students
2010	Evaluation of Food for the Hungry's child survival project in Mozambique (2 weeks)
2010	Evaluation of the Salvation Army World Service Organization child survival project in Zambia (2 weeks)
2009	Evaluation of World Relief's child survival program in Mozambique (2 weeks)
2009	Assessment of surgical services in district hospital in Ghana (2weeks)
2009	Technical support for field study of the effectiveness of community-based primary health care and child health in collaboration with Food for the Hungry in Cochabamba, Bolivia (5 days)
2008	Consultation with BRAC in Dhaka, Bangladesh and outlying areas (10 days)
2008	Participation in International Conference Dedicated to the 30 <sup>th</sup> Anniversary of the Alma-Ata Declaration of WHO and UNICEF on Primary Health Care in Almaty, Kazakhstan (3 days)
2007	Participation in Curamericas/Guatemala child survival project final evaluation (1 week)
2007	Participation in Future Generations/Peru child survival project mid-term evaluation in Cusco, Peru (10 days)
2007	Visitation of community projects with Future Generations master's students throughout India, including Jamkhed and Gadchiroli (2 weeks)
2006	Technical support for planning of Future Generations' child survival project in Peru (2 weeks)
2006	Visitation of community projects with Future Generations master's students throughout India, including Jamkhed, Gadchiroli, and Arunachal Pradesh (3 weeks)
2006	Evaluation of Konbit Sante activities in Cap-Haitien, Haiti (3 days)
2006	Assistance to Future Generations staff with transfer of household survey data from questionnaires for analysis, Lhasa, Tibet (1 week)
2006	Assistance to the Future Generations child survival project in Cusco, Peru (1 week)
2006	Assistance to Future Generations staff with analysis of survey data questionnaires for analysis, Lhasa, Tibet (1 week)
2006	Visitation of community projects in Peru with Future Generations masters students (10 days)
2005	Consultation on a cross-border initiative in Haiti and the Dominican Republic for Plan International (2 weeks)

*Henry Baker Perry, III – Curriculum Vitae*

2005	Visitation of community projects in Peru with Future Generations masters students (4 weeks)
2005	Evaluation of World Relief's child survival program in Cambodia (2 weeks)
2005	Technical support to Future Generations' community programs in Afghanistan (3 weeks)
2005	Evaluation of Curamericas' child survival program in Guatemala (2 weeks)
2004	Visitation of community projects with Future Generations master's students throughout India, including Jamkhed, Gadchiroli, and Arunachal Pradesh (5 weeks)
2004	Evaluation of World Relief's child survival program in Rwanda (2 weeks)
1999-2003	On-site leadership and technical support to the Hôpital Albert Schweitzer, Deschappelles, Haiti (4 years)
1998-1999	On-site technical assistance to the National Integrated Population and Health Program for Bangladesh, financed by USAID (1.5 years)
1997	Evaluation of Naujhil Integrated Rural Project for Health and Development in Mathura, Uttar Pradesh, India (2 weeks)
1997	Visitation of Jamkhed Comprehensive Rural Health Project in Ahmednagar, Maharashtra, India (2 weeks)
1995-1997	On-site program planning, evaluation, and applied research concerning urban MCH-FP activities, Dhaka, Bangladesh (2.5 years)
1994	Consultation on health information systems for International Centre for Diarrhoeal Disease Research, Bangladesh: Centre for Health and Population Studies (3 weeks)
1984-94	4-6 weeks per year on-site in Bolivia participating in program administration, evaluation and planning for Andean Rural Health Care
1981-84	Community public health work, hospital medical and surgical work, and project administration, Bolivia (3 years)
1979	Visitation of community health programs in Haiti, Panama, Guatemala, and Bolivia (2 months)
1976	Hospital medical and surgical work, Bolivia (2 months)
1971	Hospital medical and surgical work, Nicaragua (2 months)
1969	Community public health work, Bolivia (2 months)
